Florida's Most Unique Attraction!

Soloman's Castle

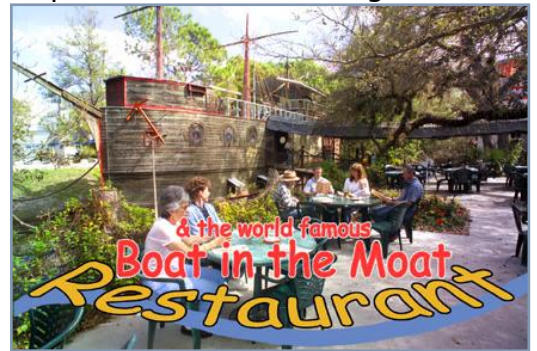

Ona, Florida

Tuesday, FEB. 25, 2025

Out among the cattle pastures, orange groves and pine forests in the middle of the state, follow the signs down a quiet road in the tiny hamlet of Ona and you'll come upon a most improbable sight: a gleaming three-story silver castle complete with turrets, a bell tower, 90 stained-glass windows, wrought iron portcullis and two knights in armor flanking the entrance. You might feel as though you'd stepped through a portal into another world, and that's because, essentially, you have. Solomon's Castle is one man's unique creative vision turned into reality.

The artist Howard Solomon began building the castle in the early 1970s as his workshop and art studio and, eventually, a residence for himself and several generations of his family. He lived there until his death in 2016. Howard Solomon called himself "the DaVinci of debris, the Rembrandt of reclamation, the wizard of odds and ends, and the savior of salvage." That gives you an idea of his sense of humor, which lives on during the tours given by his family members. More than 300 pieces of his whimsical artwork, made mostly out of found objects and reclaimed materials, are on display throughout the castle, and his sense of humor is evident in the script that the tour guides still use to this day, which Solomon originally wrote with all his signature puns, jokes, and witticisms. The property contains a workshop, galleries, exhibit rooms, a bed-and-breakfast inn and a restaurant, a 65-foot-long replica of Spanish galleon in the swamp adjacent to the castle, called the "Boat in the Moat." Family recipes form the basis of the menu of homemade dishes and desserts served in the restaurant and where we'll enjoy lunch.

TOUR PRICE: \$114 Checks or Zelle payments only

INCLUDES: Admission, Tour & Delicious Lunch at Solomon's Castle, A Bottle of Water, All Taxes, Meal Gratuities, Motorcoach with Restroom, Free Wi-Fi, Electrical Outlets and Professional Group Tour Director.
